MAJOR PREPARATION INFORMATION FOR COMMUNITY COLLEGE STUDENTS

To be admitted to CSU Monterey Bay, a community college transfer student must have completed 60 transferable credit units, of which 30 must be applicable to General Education. Oral and written communication (areas A1 and A2), critical thinking (area A3) and mathematics (area B4) must be completed with a grade of C- or better prior to admission acceptance.

CSUMB requires the completion of one foreign language to the level of the third semester (201) for the B.A. degree. The language requirement for the B.S. degree can be met in a number of ways. Consult with an advisor for complete information about this requirement.

Please consult the current catalog (catalog@csumb.edu) for information about grade requirements in majors. A grade lower than a C will earn credit for a course, but it may not satisfy the department's requirements or serve as a prerequisite for other courses. Please consult with an advisor or admissions counselor for further information.
